Check Out Procedure

1. Scan patron's APL library card in Workflows. **Patron must be in good standing.**
2. Make a copy of the patron's photo ID and staple to agreement form.
3. **Make sure item has not been reserved for someone else;** check the reservation forms. Holds may be placed up to one year in advance.
4. Gather equipment and make sure all parts are accounted for (refer to equipment binder).
5. Go over agreement form with patron and have them sign it. **Be sure to mark the item(s) that is (are) checked out and fill in the patron's name, phone number, user ID, due date, and your initials.**
(Blank forms are found in the front of the Equipment Binder.)
6. Check out the device in Workflows.
7. Put the signed agreement form with copy of ID in the binder at the circulation desk.

Check In Procedure

1. Patron must return equipment to a staff member at either the Circulation Desk.
2. Refer to the Equipment Binder to confirm all parts have been returned for each item checked out.
3. Discharge the equipment in Workflows.
4. Pull signed agreement form from back of equipment binder and give it to the Department Head.
5. Have Supervisor ready it for future check outs (wipe out personal information, make sure it's working properly, etc.).

Alpha Park Public Library

Equipment Lending Policies & Procedures

Reservations

Patrons may reserve equipment up to one year in advance. To place a reservation, fill out a yellow equipment reservation form. The reservation date is the date that the patron will check out the equipment. File the completed reservation forms with the checkout forms in the equipment binder.

If an equipment checkout conflicts with a reservation, please adjust the due date to three (3) days before the reservation. Example: A patron checks out the laptop on June 29. However, someone else has the laptop reserved for July 13. The due date on the laptop should be changed to July 10.

Please make sure the adjusted due date does not fall on a day the library is closed.

Hold

Equipment may be placed on hold like other library items. If a patron wants to put an item on hold, fill out an equipment reservation form and make the date of reservation the date the hold was placed. Be sure to place a hold on the equipment in Workflows as well.

Renewals

Equipment may be renewed once if there are no holds or reservations at the time of the renewal. Equipment may be renewed over the phone.

**Please file all checkout and reservation forms
in chronological order by the due date or
reservation date.**
